

Press Release

Conveyer & Caster Sponsors Station Hope

CLEVELAND, OH (April 29, 2016) – The Near West Side of Cleveland is dripping in history. Near our offices, on Church Avenue between 28th and 25th sits St. John's Episcopal Church. St. John's was Cleveland's first authenticated Underground Railroad Site. According to contemporary reports, slaves hid in the church's bell tower and watched for signals from the lake telling them it was safe to embark on the final leg of their journey to freedom.

Station Hope is a jubilant community event that celebrates hope, honors Cleveland history, and engages with contemporary social issues. The event features over 50 performances by 300 artists. It has grown from a single day event to 6 months of celebration. The massive festival taking place on April 30, 2016 is expected to draw 3,000 to 5,000! Station Hope is organized by Cleveland Public Theatre, the Honorable Joe Cimperman, and the City of Cleveland. Conveyer & Caster – Equipment for Industry is proud to contribute to this worthy effort of community building.

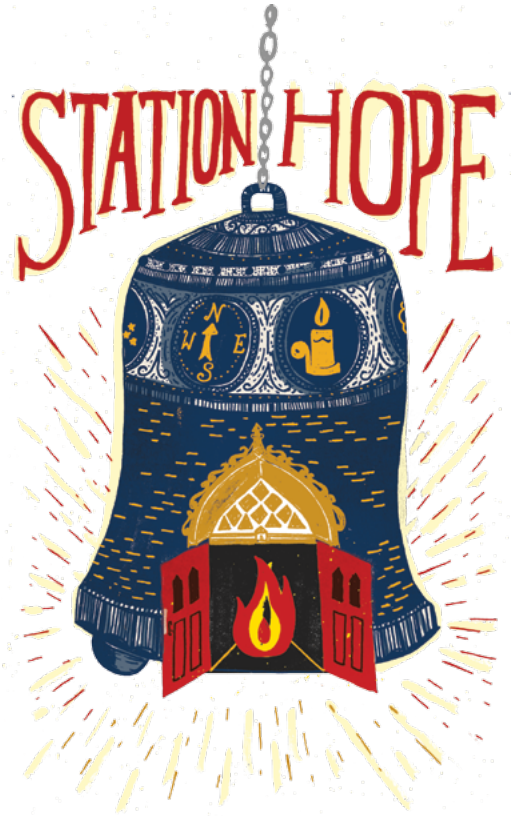

About Conveyer & Caster - Equipment for Industry (www.cc-efi.com):

Conveyer & Caster - Equipment for Industry is a third-generation, family-owned material handling solution provider based in the historic Ohio City neighborhood of Cleveland, Ohio. CC-EFI provides best-value storage and handling solutions that improve material flow in distribution, warehousing, manufacturing, health care, and food service operations with products like pallet rack, shelving, conveyors, casters, lift equipment, in plant offices, enclosures, mezzanines, and workstation cranes. CC-EFI provides full service solution development, procurement, installation, and commissioning for the solutions they provide.
