Cranes, Hoists, and Lifting Equipment

Using cranes, hoists, and below-the-hook lifting devices we can develop an ergonomic and budget conscious solution for production or assembly areas. Our lines of end effectors can help you lift almost anything.

Brands

- Gorbel
- Spanco
- DeMag
- Piab
- Schmalz
- Caldwell
- Buffalo Lifting
- Cleveland Tramrail
- Morse Manufacturing

Shelving and Shop Equipment

Quick picking, rapid assembly, and an organized workspace all contribute to an efficient assembly operation. We provide top quality shelving, modular drawer cabinets, work benches, cabinets, and bulk storage racks to meet any application.

Brands

- Rousseau
- Lyon Metal
- Penco Products
- Pucel
- Borroughs
- Stanley-Vidmar
- Lista
- Strong Hold
- Treston
- Biofit
- Quantum Storage
- Pro-Line

Mezzanines and Vertical Lifts

Move up, not out by adding available square footage to your operation with steel mezzanines. Vertical lifts, like vertical reciprocating conveyors, improve safety by providing dunnage transport without introducing a forklift.

Brands

- Wildeck
- Cubic Designs
- Giant Lift
- Roach
- Heartland Engineering
- Steele Solutions

In-Plant Offices and Enclosures

Guard rail protects structures, enclosures protect people and equipment. In-plant offices add valuable office space in the heart of your facility. Enclosing machinery and stockrooms with woven wire partitions provides security and safety.

Brands

- Starrco
- SpeedSpace
- WireCrafters

We keep your business rolling.

Safety, Ergonomic, and Matting Products

Protecting people and machinery is essential to workplace safety. We provide a wide range of problem solving products like: guard rail, safety barriers, column and rack protectors, anti-fatigue matting, and ergonomic seating.

Brands

- WireCrafters
- Steel King
- Wildeck
- Ergomat
- Sentry Products
- 3M SALA
- Gorbel
- Vestil
- Heartland Engineering
- Wearwell
- Save-ty

Lift Tables and Work Positioners

Lift, tilt, rotate, or up-end a work-piece so that it is presented in a safe and convenient position. Lift tables and work positioners help prevent injuries from lifting, stacking, or transporting goods in your operation.

Brands

- Presto-ECO
- Autoquip
- Vestil
- Econolift
- Morse Manufacturing
- Bishamon

Dock Equipment

Laminated, molded, or extruded our Rowe Bumpers Division provides expert dock protection solutions. We also offer full line of dock equipment including levelers, seals, dock boards, dock plates, and high speed doors.

Brands

- Rowe Bumpers
- B&P Manufacturing
- Pioneer
- McGuire
- Vestil
- Mars Air Doors
- Horman Flexon
- Chalfant
- Durable

Carts, Trailers, and Trucks

Our full line of material handling carts and trailers includes aluminum and steel hand trucks, platform trucks, shelf carts, dollies, and pallet jacks. Often a cart out of a catalog doesn't fit the bill, we'll custom engineer to meet your specific needs.

Brands

- B&P Manufacturing
- Hamilton
- Pucel
- Nutting
- Wesco
- RWM
- Harper
- Wesley

Technical Capabilities

WE KEEP IT ROLLING!

Engineering and Project Management

The perfect solution to a troubling problem can be undermined by poor planning, execution, and delivery. Our material handling engineers, project managers, and expeditors work with you on every step of a project to ensure that things go as smoothly as possible. Our engineers are factory trained by our key vendor partners, ensuring that they are uniquely familiar with their products and support teams.

Integrations are no problem, our controls team is capable and versed in integrating our products together and with many other types of equipment.

Installation Service

Installations are a disruption to your operation, period. We think the goal is simple, make installation as simple and pain-free as possible for you. Our installation team will work closely with you and your staff in planning, scheduling, and executing installation to achieve that goal.

Successful, long-lasting solutions require owner acceptance and operator buy-in. As part of every installation, we include time for proper operator training, so that your teams can hit the ground running and keep your business rolling.

Preventative Maintenance and Repair

Broken equipment is not just annoying, it erodes the bottom line, so repairs to inoperative equipment need to be quick and correct. Our factory trained service technicians have years of experience servicing the products we provide.

A great way to help avoid unplanned downtime is to plan your downtime. We offer preventative maintenance service on all material handling equipment.

We keep your business rolling.
